

# Distributed Fundraising

Raising money to buy the things your group needs in your home turf.

Indivisible's Distributed Fundraising program is a streamlined process for groups to fundraise without forming a board of directors, writing bylaws, registering as an independent organization, or seeking out 501(c)(4) status. As part of this process, we will provide you with:

- An ActBlue page for supporters to donate directly to your group;
- A debit card to spend the funds you raise;
- Guidance, resources, and occasional matching campaigns to help you maximize your fundraising;
- Access to information about who has donated to your group;
- And a system for reporting and tracking your group's spending.

## Because we are a 501(c)(4) nonprofit, there are certain spending restrictions:

  - This includes communications that say something like "Democrats are for us" or "Arizona Republicans have failed us."
  - It also includes messages of any kind (even GOTV/nonpartisan) that are targeted to be sent to Democrats, Independents, etc.
- Any costs associated with preparation for the above impermissible activities, including but not limited to research, design, production, polling, data analytics, mailing or social media list acquisition.
- Groups are not permitted to engage in compensated or paid direct lobbying on the state or local level.

## So what exactly is political spending?

Political spending is money spent to influence the outcome of an election by supporting or opposing a candidate for an elected office OR supporting or opposing a ballot measure. [This requires pre-approval which you can submit for here](#). Restrictions apply and can be broken down into two areas.

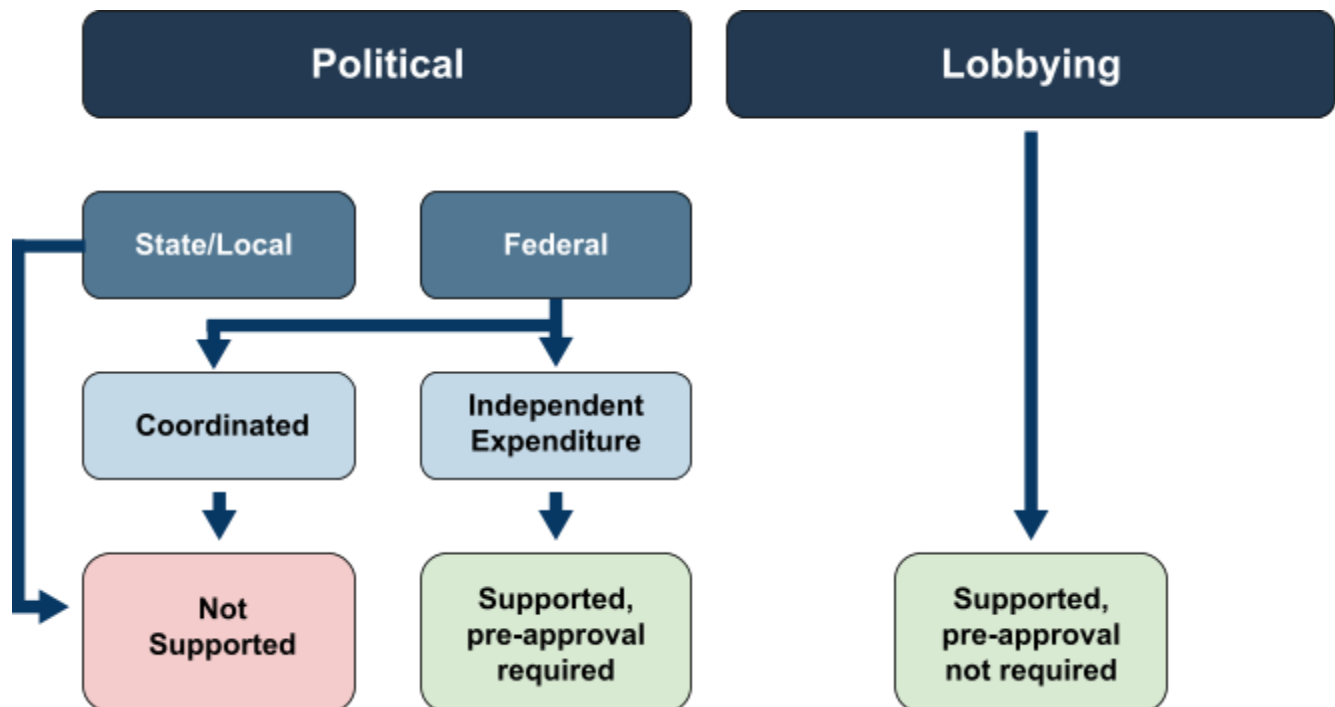

### Type of Race

- Federal = ALLOWED  
Political spending requires pre-approval.
- State & Local = NOT ALLOWED through this program

### Type of Involvement

- Coordinated (work with a candidate or party committee, or have access to non-public information) = NOT ALLOWED
- Independent Expenditure or IE (spend without ANY coordination with a candidate campaign, or party committee) = ALLOWED

As a recap, political spending is only allowed for INDEPENDENT EXPENDITURES on FEDERAL ELECTIONS, but requires pre-approval which you can [submit for here](#).
