

MAKING A MAJORITY

Ask your Member of Congress to hold corrupt and unethical Supreme Court Justices accountable

The Supreme Court is facing a legitimacy crisis, with several justices accepting trips on luxury yachts and private planes from billionaire MAGA donors and those with business in front of the court.

We need meaningful and enforceable ethical guidelines for SCOTUS, as well as a binding code for all justices.

Scan this code to call your Member of Congress right now and ask them to cosponsor the Supreme Court Ethics, Recusal, and Transparency Act (SCERT).
