WHAT IF YOU SEE ICE AT THE POLLS?

(Don't worry!
Read on for the plan!)

If you see ICE or have any other trouble when you vote, call

866-OUR-VOTE

For help in other languages, go to 866ourvote.org.

- A real person will help you and get it on the record.
- Document everything on video, safely.
- Use the **Hands Off Our Vote toolkit**. We have a plan!

linktr.ee/wewillvote

v1 - 10-05-2026

If you're stopped by law enforcement...

- Prioritize staying safe. Remain calm, don't resist. Keep your hands visible.
- Document everything. Record on your phone or ask a bystander to do it.
- Get the agent's badge number, name, and their agency.
- If detained, ask for a lawyer, remain silent, and do not sign anything.
- To invoke your rights say "I want to remain silent" and "I want to speak with a lawyer."
- The Constitution protects your rights no matter your immigration status.

This is educational only, not legal advice. If you need legal advice, consult an attorney. Our core principle is a commitment to nonviolent action. Work to de-escalate any confrontations with those who disagree, and act lawfully at all times.

We protect us!

Intimidating voters in one community is an attack on all of us, and we answer as one.

Vote early, protect the vote, and **defend the 2026 election** so voters' choices are respected.

The administration and its allies have refused to rule out sending **ICE** and federal agents to polling places this fall. **But it's illegal!**

Federal law bans armed agents at the polls, period!

Vote early... and know your rights!

- Confirm your registration now at **vote.org**
- Bring someone with you when you vote.
- Bring your ID, even if your state doesn't require it.
- Turn off FaceID on your phone for added safety.

You have a First Amendment right to film law enforcement in public spaces as long as you don't interfere or block their path.

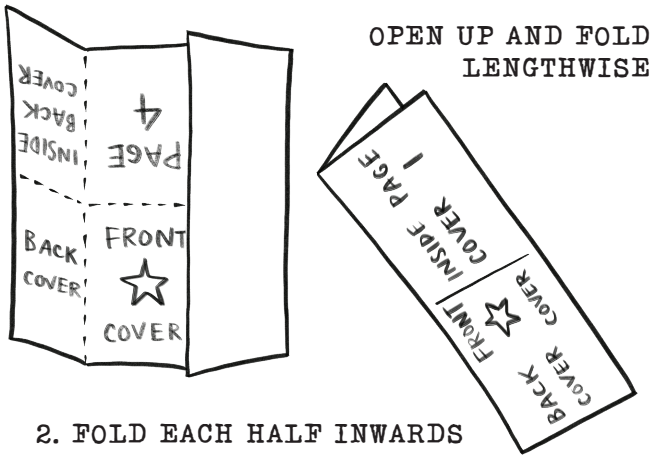

- Follow state or local laws about activity near polling locations.
- Keep back 8 feet and do not obstruct. If a cop orders you to move, follow that order.
- Get images of badges/identification.
- Capture context and details -- location, street signs, time, etc.
- Share footage with election protection programs ASAP.

FOLDING A MINI ZINE

1. FOLD PAPER IN HALF
